SUBJECT No. 311.

Distribution of water-supply in the Mysore City.

Messrs. Venkatakrishnaiya and M. C. Rangiengar, Mysore City Municipality and A. Ramanna, Yedatore Taluk.

Summary of discussion.—The distribution of water from the settling and storage tanks in the City may be restored to the Municipal Council.

The Chief Engineer has discussed the question with the President, the Vice-President and the Municipal Councillors and certain resolutions have been arrived at. If these are carried out it will be satisfactory. The Chief Engineer has definitely told us that the management cannot be handed over to the Municipality. Water-supply for the bungalows on the Yelawal road should be arranged for. A Jewell filter may be provided or in some other way a sufficient head may be provided.

Reply of Government.—Will be attended to early.
